

Remind Your Child When Taking A Test to:

- Listen carefully to any directions by the teacher and read all directions before beginning the test.
- Skim over the test before you start to plan your time.
- Focus on one question at a time. Read each question twice before answering.
- Answer questions you know or easy questions first. Mark any difficult questions and come back to them later.
- Read all the choices to a question before answering.
- When you are unsure, use resources around the classroom to give you a clue.
- If you are unsure, narrow your choices and make your best choice.
- After choosing an answer, stick with your first choice unless you know that you have made a mistake.
- Proofread your test to help eliminate careless mistakes, incomplete answers, or skipped questions before turning in your test.
